

reimagine your space

reimagine
your space

OUR STORY

Designery (Design + Hatchery) latches on the need to bring innovative interior design ideas to its customers who are in the growing real estate industry in the Philippines. We are a design hub that targets designers, architects, and contractors who need to cultivate more modern and upscale themes for their own clients.

We look forward to collaborating with clients who want to give their homes and office spaces a more personal touch. This includes the business owners, and young professionals who want to implement their own designs with a touch of modernity.

Bespoke designs need not be costly; as we offer innovative home designs through our all-in-one center, we ensure that our clients, in return, will be able to innovate and reimagine their space.

THE PERFECT FORMULA

Our team is composed of young and skilled designers in the field of advertising and interior design. Together, we form the perfect formula of space innovators to deliver the needs and solutions for every project. This is in a fresh, sophisticated and forward-thinking approach resulting into timeless designs and unique stories for each space.

DESIGN + HATCHERY

Designery, backed up by its production powerhouse, Brushstrokes Creatives, brings each concept to reality.

Our eco-friendly printing solutions, CNC and laser cutters with our dedicated, and highly trained production team makes sure to deliver world-class, quality work.

RESORT

Neutral and cool tones and patterns inspired by nature was the theme used for this resort as it was near nature as well.

INSTITUTIONAL

A combination of cool and vibrant scheme for a playful retail school.

RETAIL STORE KID'S PLAY AREA

A proposal for a retail brand with a soothing ambiance. A weave carpet for flooring with customized shelves for storage and modular writeable tables with different shaped ottomans.

CASE STUDIES

INSTITUTIONAL

APEX

CASE STUDY: PROBLEMS

1. The space is an old building with dull colors.
2. The announcements, schedule, and other info / promotion are not organized and in just one bulletin board.
3. Typical classroom type, not conducive to learning.

INSTITUTIONAL

APEX

CASE STUDY: SOLUTIONS

1. To give life to the building, Designery added to the space by using a combination of cool and vibrant color scheme.
2. There are message boards made of writeable material along the hallway for more interactive and clear communication.
3. Transformed the space for better hands on workshop / training with more flexibility for writeable boards and displays.

HOTEL RESORT

THE PARK

CASE STUDY: PROBLEMS

1. Accents and furniture are old.
2. People would not notice that the area is the reception.
3. The color scheme is dull and needs to have a more welcoming ambiance.
4. The PWD ramp going up the reception does not blend seamlessly towards the rest of the area, and only has stairs.

HOTEL RESORT

THE PARK

CASE STUDY: SOLUTIONS

1. Replaced the table with a better reception counter and added more modern stylish accents.
2. Added a wall partition for the signage and to hide the back door.
3. Better overall ambiance with lighting, plants, and other accessories.

OTHER PRODUCTS

OTHER PRODUCTS

WALL SOLUTIONS (WALLPAPER, STICKER MURALS & CUT-OUTS)

In partnership with our hatchery arm, we also create custom wallpaper & sticker murals for clients that want a more personal touch. Some of our wallpapers are linen, smooth, and stucco. For sticker murals we offer vinyl stickers, vinyl on sintra, and concrete stickers. For the stickers they can be printed with die-cut as well.

OTHER PRODUCTS

DECORATIVE PANELS

Our deco panels can be designed to use different materials like aluminum composite panels (ACP), wood, or acrylic. They can also be layered with an acrylic diffuser to have lights at the back.

OTHER PRODUCTS

GLASS STICKERS (VINYL, FROSTED, CLEAR STICKER)

Our glass stickers can be made of vinyl for opaque designs, frosted for semi-opaque designs, and clear stickers for transparent designs.
